

The Lucille Weiss Children's Library and Art Center!

There are *many* ways you can help with this project. Please take a look at some of the possibilities below!

This is our list of the *Basics* necessary to provide a comfortable and enjoyable place for the children:

The Library basics:

6 metal bookcases,
4 small desks and 8 small, colorful stackable chairs,
3 work/study tables (4 children each), 12 stackable regular size chairs,
Library desk and chair for information, check out, etc.
16x18 feet of colorful foam rubber flooring
Big bulletin Board
Floor paint for the balance of the floor.
4 new ceiling fans
Blackout curtains for the "Sunny Side" window wall.

The market places in Acapulco are the best/most economical places to find these basics and so we will research and find the items there.

If you want to donate toward the purchase of these items, please use the Link to our website <https://salarmy.link/library>.

Now, the REAL Library excitement is of course the BOOKS and ART Materials!

This where the children can use the library tools to learn, stretch their imagination, dream of possibilities, spark ideas for the future and experiment with them.

If you have some interest here, you may be able to discover sources that will provide tools for the children to use to pursue these interests. And, if you are not coming to Acapulco this season, but you discover items that you are willing to donate to the Library, (Hope So!) we will provide a place in the US where you can send the gifts and they will find their way to Acapulco and the Library!

The Lucille Weiss Children's Library and Art Center!

Possibilities to pursue!

Check with **your friends and families** for:

“packed away and unused” children’s books, educational toys, art supplies of all kinds.

Thrift stores...for a start, try the *Salvation Army* in your area, haha

Local schools and Libraries

...many of them now have Spanish classes and learning workbooks for all ages.

The Librarians in the schools may also be a good source for ideas and book donation

places that will suggest and contribute Spanish and Spanish/English books and items from which the various ages from 5 to 16 will enjoy and learn.

Child care centers ... local book/art stores who may be willing to donate to our good cause, and others you may think of!
